## AC & DC MOTORS

- Unit Bearing Motor
- Nema 48 & 56 AC motor
- Brushed PMDC & Brushless DC Motors
- Shaded Pole Motor
- 3.3" & 4.4" PSC with fan cool
- Listed under UL, CUL, CSA, TUV, and CE certifications

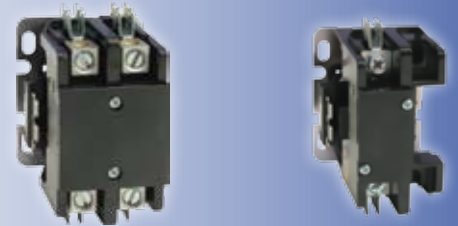

## FANS & BLOWERS

- Comprehensive line of cooling products
- Wide range of sizes and airflow choices
- Multiple housings and bearings available
- Listed under UL, CUL, CSA, TUV, and CE certifications

## DP CONTACTORS

- Easy installation and easy maintenance
- Terminal type is interchangeable between screw and lug type
- Wide range of coil voltage and frequencies
- UL508/IEC/ARI 780/790 Compliance

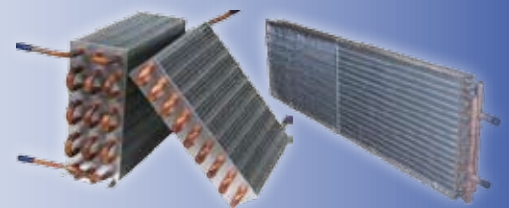

## ROTARY COMPRESSORS

- High quality and high efficiency
- Low noise, quiet operation, and low vibration
- High Reliability
- Compact, light and space saving

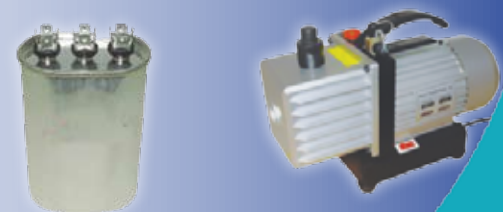

## HEAT EXCHANGERS

- Evaporator and Condenser coil construction products
- Robust tube and fin technology for many different applications
- High thermal efficiency and high flow rate
- Superb high quality with effective heating capacity
- Convenient to fit and seal

## ACCESSORIES

- Capacitors for motor start/run & for compressor
- Fittings & Tubes
- Valves & Filter Driers
- Relays & Switches
- Vacuum pumps

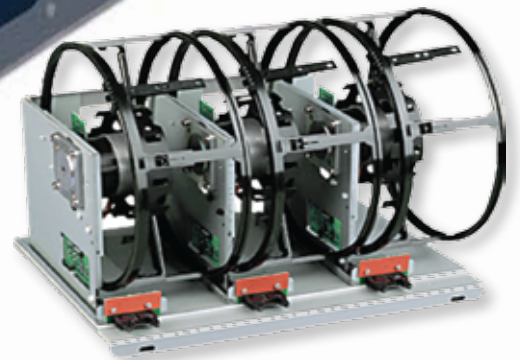

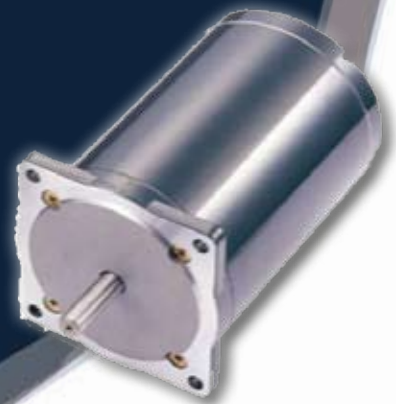

TelcoMotion™, as one of the divisions of Telco Intercontinental Corporation, has been serving OEM customers in the motion control industry throughout the states for over 25 years. Telco has a full range of AC, DC, Brush and Brushless Motors, Servo Systems and rotary as well as linear actuators, gearboxes, drives and controllers to cover all your motion needs. Each of our motor products can be customized to meet your requirements.

TelcoMotion™ provides not only motor product line, but also use the motor as center piece to fulfill our one-stop solution concept – from the controller side (PCB, Cable), mechanical enclosure (Metal stamping, Plastic injections), electro-mechanical items ( Gearbox, Driver, Contactor, Fan) to complete turnkey assembly. Over the past few years, we insist on quality and innovation to satisfy the needs of our customers and to diversify our existing market.

#### OUR MAIN PRODUCT LINES INCLUDE:

- Motors & Controls
- Touch Screens
- Parts
- Turnkey Assemblies
